## SUMMARY

In search of productive environment for developing new experiences. Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company.

## WORK EXPERIENCE

### FRONTEND INTERN

September, 2022 -  
February, 2023

#### YalaTechies , Patan,Lalitpur

I was a frontend developer intern for 3 months and gained hands-on experience with various technologies and tools, working closely with a development team. I learned about the frontend development process and worked with HTML, CSS and JavaScript. It was a valuable experience that helped me improve my skills and understanding of the frontend development field.

### REACT DEVELOPER INTERN

June, 2023 -  
September, 2023

#### Amnil Technologies , Dhobighat.Lalitpur

My time as a React Developer Intern at Amnil Technologies was an invaluable experience that allowed me to apply theoretical knowledge in a practical setting. I am grateful for the opportunity to have contributed to impactful projects and expanded my skills as a React developer.

## TRAINING/CERTIFICATIONS

### FRONTEND INTERN ON REACTJS

2023

#### Amnil Technologies

My time as a React Developer Intern at Amnil Technologies was an invaluable experience that allowed me to apply theoretical knowledge in a practical setting. I am grateful for the opportunity to have contributed to impactful projects and expanded my skills as a React developer.

## ACADEMY

### Website for Garudfrieght

A portfolio website made using HTML,CSS and JS

### CRUD operation using ReactJS

CRUD operation using ReactJS and Json-server

### Image gallery

Image gallery website using React JS

### Rightrails app

An app for applying universities abroad using ReactJS as frontend and .NET as backend.

### theoccupi

This website is an advertising platform built with a Next.js frontend, Node.js as backend designed to prominently display images of products, services, or brands on the homepage. Through this visual presentation, advertisers can attract viewers directly on the site, creating a dynamic and engaging user experience that effectively promotes their offerings. I worked as a frontend developer in this project.
